"Play is the highest form of research"

Albert Einstien

I really do believe in the above and that is why we ensure our pupils receive a broad and balanced curriculum in which they have plenty of opportunities for play and creativity. As we all know it is babies and toddlers who know how to do this best and I look forward to seeing as many as possible at the parent, baby and toddler group on Monday afternoon. Mrs Kennedy

Change of date

Year R worship has changed date from the 9th June to the 23rd June. This means the children in reception can celebrate and share their trip to the farm.

Playtime fun

The children have been really enjoying our new volleyball net. Miss Mayman has made this her PE focus and it is fantastic to see the children getting to learn a new sport. A big thank to Brady's mum June who bought us Frisbees, they have been very popular. We are also developing our table tennis skills and I think we may have some future champions.

Upcoming events

Forest School volunteers

We require more volunteers for Forest School in order for it to run on Friday afternoons. Please sign up in the school office if you can help.

Year 6 SATs

Good luck to Year 6 pupils next week. Try your best as that is all you can do and try to enjoy it! Please help ensure early nights parents and do speak to us if you have any questions.
